

Minister of War Assumes Command of German Army

Amsterdam. — Supreme command of the German peace army has been transferred from the people's commissioners to the minister of war, who will be responsible to the government. The transfer was made with the approval of the soldiers' and workmen's council, which will still be responsible for all social and economic regulations concerning the army.

Officers will in future wear a dark blue stripe on the left sleeve. All other distinctive marks have been abolished. The obligation to salute is reciprocal, but has been abolished in the big cities.

London. — Since German troops were summoned to put down the Spartacist uprising in Berlin the army has been assuming a position of greater importance, according to advices received here.

Great Britain May Restore Mesopotamia In the Future It May Become a Great Country

London. — Improvements of great importance have been made in the channel State of Arab, which is the river formed by the confluence of the Euphrates and Tigris rivers, according to the Journal of the Mesopotamian board of trade. Ocean going steamers may now go up the river from the Persian Gulf as far as Nahrum, which is about twenty miles above Basra.

Part of the Journal is devoted to the irrigation projects which are now being carried out in the valley of the Euphrates. Regarding the immense benefits which might be derived from systematic irrigation, the Journal says:

"In olden times lower Mesopotamia, as the result of artificial irrigation, was a forest of perennial verdure and a country of great cities thronged with thriving people. The dread hand of the Turk has pressed heavily upon Mesopotamia and its people. In the past it was a great country. In the future it may again become a great country, but at present it is moribund. Yet the rich soil retains life. A wonderful recovery is within possibility and Great Britain has solved more difficult problems in the empire than are presented by the restoration of Mesopotamia."

Sinn Feiners Killed Two Policemen
Dublin. — The Sinn Fein parliament provided only a one-day session. Its members held a brief meeting at the Mansion house, but had closed doors. Afterwards Count Plunkett told the reporters that a statement of the business transacted would be furnished to the press later, thus following the precedent of the Paris conference.

A group of a hundred young men gathered outside during the secret session, but no excitement of any kind was shown. The public was far more interested in the murder of two policemen in Tipperary at the time the parliament was meeting.

Farmers Want Men Released
Winnipeg. — Immediate release of all soldiers and sailors in Canada who are required on frontier farms is demanded by farmers of the province. A strongly worded resolution to this effect was unanimously passed at the Union of Manitoba Municipalities convention here. It will be sent to Ottawa immediately. Hon. Arthur McGeen, minister of the interior, declared that in his opinion the request of the municipal convention should be granted, and he will take up the matter immediately on his arrival in Ottawa.

It is the struggle to keep up appearances that keep some persons down.

Congress Wants Russia To Settle Internal Difficulties

Paris. — Led by President Wilson, the supreme council of the great powers moved to unite the factions of distracted Russia and bring them into the peace congress.

They unanimously adopted a proposition, brought forward by President Wilson, asking all the Russian factions, including the Bolsheviks, to meet the allied and associated governments at Princes Islands in the Sea of Marmora, on February 15, the contending factions meaning to declare a truce and suspending all military operations.

Aside from the importance of the questions reached, it was especially notable as being the first time that

Irish Peace Delegates

Dublin. — According to the provisional constitution of the Irish republic now before the "Dail Eireann," legislative powers are to be vested in deputies elected from existing parliamentary constituencies. The ministry will consist of a president and four executive officers — secretaries of finance, home affairs, foreign affairs, and national defence. All revenues will be raised on the vote of the "Dail Eireann," the constitution may be altered upon seven days' notice. Count Plunkett, Professor Edward De Valera and Arthur Griffith will probably be appointed Irish delegates to the peace congress.

Germans Wanted a Short Cut to Peace

Bombs From Air Were a Nightmare to Them

London. — First hand information as to the results of the bombing of Bruges gives a vivid idea of why the Germans, as the British aerial strength developed, wanted to find a short cut to peace.

"One gazes amazed at the gigantic work involved in the defensive fortifications," declares a writer just back from Bruges. "Bombs from the air became a nightmare to the Germans. All the dock area is full of bomb holes. Pontons, sheds, wharves and dugouts covered with reinforced concrete are in ruins. One heavy bomb struck a destroyer in a pontoon drydock and destroyed both vessel and pontoon. Another pontoon was so badly damaged that the Germans blew it up, together with the submarine in it. The latter now lies in halves, the bow in the remains of the pontoon and the stern blown on the bank of the canal."

Arms Found By Government

Will Consider Regulations Regarding 1,000 Bolsheviks

Warsaw. Several thousand rifles, many machine guns and thousands of hand grenades, intended for use in an attempt to overturn the Pilsudski government, which has now been succeeded by the Paderewski government, were discovered in Warsaw. The government authorities also arrested 1,000 Bolsheviks. The arrests were made in an effort to secure orderly elections to the national assembly.

Prince Sapieha, who led the brief and futile attempt against the Pilsudski government a fortnight ago, is still in prison. He will be released when the political situation becomes settled. However, there is no law under which he can be prosecuted.

State of Hedjaz Wants Autonomy

Paris. — Prince Feisal, a son of the king of the Hedjaz, has compiled a memorandum for presentation to the peace conference asking complete independence and autonomy for the Arabian state of the Hedjaz to consist of Syria, Upper Mesopotamia, Lower Mesopotamia, Yemen and Nejd. The territory of Nejd is a tribal state. The prince invites the peace conference to send a commission to these districts to ascertain the real desires of the people.

Berne. — "President Wilson will achieve a workable and feasible league of nations with the full strength and influence of Great Britain solidly behind him," Arthur Henderson, British labor leader, declared to the Associated Press.

Club Must Still Be Held Over Huns

Taft Declared League of Nations Necessary

St. Catharines, Ont. — "We were fighting, not the Hohenzollerns alone, although they were leading, but we were fighting the German people, impregnated with the doctrine of world domination," declared W. H. Taft, former United States president, in a lecture here. "A surgical operation was needed, not by a sharp instrument, but a club. This we have done, and we must hold that club for further application if necessary, in case it should later develop that a radical cure has not been effected."

Mr. Taft declared that, "If we are to clinch our purposes in the war, a league of nations is necessary." A movement is on foot to open a series of conventions to educate the American people to the need of such a league by the holding of nine conventions in as many cities in various sections of that country in February, and he had decided to try it on Canada first.

Second Revolt in Two Weeks

Washington. — The present revolution in Portugal, seeking to restore the monarchy, is the second movement within two weeks, it was learned at the state department. Information reaching the department shows that this outbreak, about ten days ago, was suppressed by the government and that several of the leaders are still in jail.

Survey Aerial Route

Melbourne. — It is announced that the commonwealth government has sanctioned the formation of a company to survey an aerial route between Australia and the Far East.

Sir George McL. Brown.

A NEW CANADIAN KNIGHT—A new picture of Sir Geo. McLaren Brown, General European manager of the Canadian Pacific Railway, who has been honored as the result of his splendid services as unpaid assistant director of transport for the British Government during the war.

CANADIANS IN GERMANY Contracted a Mock Marriage

Two Canadian Divisions are to Remain Until Further Orders

Ottawa. — The militia department reaffirmed its denial of the story of General Dods, in Montreal, that all Canadian forces have been withdrawn from Germany. "The information we have is wholly in the contrary," stated the chief of the general staff. He had been inclined to think that Gen. Dods had been misunderstood or misquoted.

The known plans in regard to the Canadian divisions are that the third division is being withdrawn from France and Belgium, but will, on account of traffic conditions in France, march to the sea by easy stages instead of being moved by train. From there it will be transported to England. The movement to Canada would therefore start about March 1.

As far as known at present, the other two Canadian divisions are to remain as a part of the army of occupation in Germany until further orders.

Express Disappointment

Paris. — W. F. Massey, premier of New Zealand, and Sir J. G. Ward, minister of finance of New Zealand, have arrived in Paris and expressed disappointment at the decision of the supreme council to give the country only one delegate at the peace congress. The New Zealand ministers represent two different parties in New Zealand and both wish to be present at the conference. They said they would endeavor to have the decision changed so that both could attend the peace sessions.

W. N. U. 1248

Coal Miners Strike

Whole Yorkshire Coal Field Probably Will Be Idle

London. — Industrial unrest throughout the United Kingdom is the latest addition to the threatened railway strike. The whole Yorkshire coal field probably will be idle, throwing 150,000 men out of employment, while preparations are being made in Scotland for a general strike for a 40-hour week.

The cause of the trouble in Yorkshire is somewhat similar to that which is occurring in other parts of the country. The operators there have locked out some 40,000 men who insisted on taking twenty minutes of the employers' time for meals.

In reply to the lockout the Yorkshire miners' association has declared a strike. The dispute in London between the engineers and their employers has improved somewhat. Some of the employers have granted the demands of the engineering trade, but the electrical workers are now threatening to strike.

May Export Low Grade Flour

Ottawa. — The Canada food board has notified all millers in Canada that special permits will now be granted for those applying allowing them separation of flour into patents, clears, low grades and other flour extractions, provided such flour is only sold outside of Canada, to West Indies, Central and South America. Permits for the export of flour to these countries will be freely granted for straight run flour or any of the separations above cited. Applications for export to Newfoundland, in order to meet the requirements of the Newfoundland food board will be granted for standard flour only.

Portuguese Are Concerned Over African Colonies

Interested in Dominions

Paris. — The announcement of the aspirations of the British Dominions is being discussed with the keenest interest in official circles in Paris. The question is being frequently asked whether this present important step is to be followed later by insistence on the part of the Dominions of a right as nations to have a full share in dictating the foreign policy of the empire so far as it affects the Dominions.

The British empire is in one sense a national entity and in another a league of nations in itself," was the way one high personage summarized the situation.

Do Not Share in War Gratitudes

Next of Kin of Deceased Soldiers Provided for Under Pension Regulations

Ottawa. — There is absolutely no truth in the statement appearing in certain newspapers that the war service gratuity payable to men of the C.E.F. on retirement or discharge will also be paid to war widows, dependents and next of kin of soldiers killed in action or who died of wounds.

An official denial of this statement was issued by the militia department, and at the same time it was pointed out that the order in council makes no provision of this nature. The next of kin of deceased soldiers are provided for under the pension regulations.

The order in council does, however, make provisions for payment of the gratuity to the dependents of a soldier who dies subsequent to his discharge or retirement, and before he or his dependents have received any part of the whole of the gratuity. It states that if there survive some dependents the gratuity equal to separation allowance the portion of the gratuity unpaid at the time of his death should be payable to such dependents. In the case of a soldier who has no dependents entitled to separation allowance, and who dies subsequent to discharge before receiving any or all of the gratuity, the portion of the gratuity unpaid at the time of his death shall not become payable.

PROUD OF ACHIEVEMENT

Greatest Change in Habits of People Ever Recorded

London. — "I am constantly receiving reports from British Columbia of the splendid results of prohibition," writes Bishop Perrin, formerly Bishop of British Columbia. A great deal is appearing here just now also concerning prohibition in the United States. The Times, however, editorially remarks:

"It seems hardly to be understood here that prohibition in America has not yet actually taken place. Meanwhile, in this country, where we have followed a more moderate policy," the Times continues, "there has been through the greatest change in the habits of the people ever recorded and the greatest reduction in drunkenness ever accomplished in any country. This is the one belligerent country that can show such records. Others have been held up to our admiration as patterns to follow, but when enquiry is made as to results there are none worth showing. When any of our neighbors can show a positive record that will compare with ours it will be long enough to admire their achievements."

Sinn Feiners Desired to Attract General Attention

Dublin. — Comments of the Irish papers on the parliament are to the effect that it was an empty hearing of the air and that its special purpose was to attract the attention of the world, particularly of the peace conference, to the Sinn Feiners' cause.

The Irish censorship prevented the appearance of the Sinn Feiners' declaration of independence in the Dublin papers. Without interference, the food minister of Dublin, Laurence O'Malley, had obtained passports from the government, will proceed to Paris to tender to President Wilson the freedom of the city of Dublin, recently voted by the corporation.

Paris. — Portuguese circles in this city are greatly concerned over the situation in their country. They fear especially that their possessions in Africa, forming the third largest colonial empire on that continent, may come into question and that some European state may point out that Portugal, being in a state of anarchy, is unfit to rule those possessions.

The Portuguese hope that the delegates attending the peace congress will realize the sacrifices sustained by Portugal, which they say were very great compared with the size of the country and its wealth.

They say that Portugal asks "only to keep what she already possesses." The official journal of the Lisbon government has promulgated a decree inflicting heavy fines upon the districts of Oporto, Vizeu and Braga where the monarchists have been in control. The fines vary from \$50,000 to \$100,000 for every day the districts remain in a state of rebellion.

Bismarck Had Plans To Destroy France

Document Found Recently Among Papers of French Literary Man

Paris. — Prince Bismarck contemplated a second war by Germany against France, which would result in the virtual destruction of France, according to a document published in the Petit Parisien. The document purports to be a note made by the ex-counselor of the then King of Hanover, summing up a conversation with Bismarck, and is stated to have been found recently among the papers of a French literary man. "I am positive that if I live long enough I am destined to destroy France," Bismarck is quoted as saying. "For another war I will take from her colonies and her fleet, not to mention billions, and will diminish her a second time. For this purpose I am going to prepare the German people to become more powerful."

Crisis in Argentina

Radical Party Will No Longer Be Responsible for Acts of President

Buenos Ayres. — La Provincia says that the radical party is re-organizing and is preparing to issue a declaration that it will no longer be responsible for the acts of Dr. Hipolito Yrigoyen, the president of the republic.

Dr. Yrigoyen was elected president of Argentina in June, 1916, as the candidate of the radical party, being the first of his party to be elected president. His term of office expires in 1916, for a term of six years. Since assuming the presidency, Dr. Yrigoyen has had to reform his cabinet several times. His attitude during the war caused much political dissension in Argentina.

Italians Hold Conference

Discuss Italy's Aspirations From a Strategic Point of View

Paris. — The Italian delegation to the peace conference held a conference with General Diaz, the Italian commander in chief, who arrived in Paris to discuss Italy's aspirations from a military and strategic point of view, with special attention to possession of what the Italians call "the keys of the door on land and sea." To realize this object, the Italian delegates, it is said, consider it indispensable that Italy possess the Dnieper Pass and also the Dalmatian coast, and Scars and Benbeco. With-out this they say it is impossible for Italy to control the Adriatic as otherwise the coast line of central Italy would be at the mercy of any nation possessing Dalmatia.

Intense Feeling Against Italians

Hostile Acts of Army Against Jugo-Slav Population Reported

Washington. — An official despatch from Belgrade to the Serbian press bureau here, said: "popular feeling against the Italian army grows every hour in the Serb, Croat and Slovene regions occupied by the Italian forces and that open clashes occur daily. 'From all occupied towns and villages,' said the despatch, 'desperate appeals to the allied powers are coming, asking for support and protection. Numerous hostile acts of the Italian army against the Jugo-Slav population are reported. Serb and Croat newspapers are advising the people to wait in patience the just retribution of the allied authorities, but the situation in the meantime is just dangerous for the preservation of peace.'"

One More Added To the Great Army

WHO ARE SHOOTING THE
PRAISES OF DODD'S
KIDNEY PILLS

Saskatchewan Man's Kidney Trouble
Developed Into Diabetes—Story of
His Complete Cure.

Strong Pine, Sask., Jan. 27th. (Special.)—Sore back, which developed into diabetes, had made life a burden to Maxine L. Capusten, a farmer or his place. Dodd's Kidney Pills cured him, and he is added to that great army of Canadians who glory in telling their neighbors that Dodd's Kidney Pills are the one sure remedy for all kidney ills.

"For nearly five years I suffered from sore back and headache," Mr. Capusten says, "in giving his experience. 'I had a bad taste in my mouth in the mornings, and I was always tired. My muscles would cramp, and I was nervous, and the least exertion would make me perspire freely. At last diabetes developed.

"I finally came to the conclusion that my kidneys were the cause of my trouble, and decided to try Dodd's Kidney Pills. I took half a dozen boxes, and before I had finished taking them I was completely cured.

"I advise anyone suffering as I did to try Dodd's Kidney Pills."

All Mr. Capusten's troubles came from diseased kidneys. The trouble ceased when he commenced to use the one sure help for diseased kidneys—Dodd's Kidney Pills.

Great Debt in History

Paris. — The Paris newspapers are unanimous in considering Saturday, Jan. 18, as one of the greatest dates in the world's history. All the newspapers remark on the fact that exactly 48 years to the day when the German empire was proclaimed at Versailles, Germany saw the entire world turned against her. Parisian see revenge of "right against brutal might."

Kept Awake at Night Itching So Intense Healed by Cuticura

"A nasty patch appeared on the right side of my face, caused by shaving with a dull razor. I drew blood with my fingers, the itching was so intense. The patch was red and irritated causing me to keep awake at night.

"Seeing Cuticura Soap and Ointment advertised I sent for a free sample. After using it I noticed quite a change and bought a box of Cuticura Soap and two cakes of Cuticura Ointment when I was healed permanently." (Signed) J. MacDonagh, Marion, Wis., N. S., September 20, 1917.

Cuticura Soap and Ointment are not only most valuable for the treatment of pimples, dandruff and irritated scalp, but their great value for the treatment of such conditions. Cuticura Soap used exclusively for the toilet, and Cuticura Ointment, as needed, keep the skin and scalp clean, clear and healthy.

For Free Sample Book by Mail Address—Cuticura Dept., Boston, U.S.A. Sold everywhere.

France Grateful

To Manitoba

Work Relief Committee Receives Letter from Republic

Winnipeg, Man. — According to official figures the sum of \$110,624.75 has been raised in Manitoba for the work of war relief for France, and the association which has had charge of this work is in receipt of a very warm letter of acknowledgment from officials of the republic.

Canada, by the valor of her soldiers and her continued charity, declared the world had made possible the completion of the formidable task by which France had been confronted, but bruised and bleeding as the republic herself, she still needs the helping hand of her friends in other lands. Hundreds of thousands of wounded were still in the hospitals, the prisoners who were arriving daily from Germany were worn out by the atrocious treatment to which they had been subjected; the regions invaded by the villages in ruins; the inhabitants without even the primary necessities of life; the fields and forests totally destroyed.

In thanking the people of Manitoba for their splendid support throughout the dark days of the war, the letter asks that such assistance be continued during the frantic task of reconstruction by which the people of France are now confronted.

MOBILIZATION BY FRANCE

Lyons. — The number of effective mobilized by France from the outbreak of the war is given as follows in the report of Deputy Benazet on the war budget: August 15, 1914: Officers, 92,828; soldiers, 3,780,000. February 15, 1915: Officers, 97,753; soldiers, 4,900,000. January 1, 1916: Officers, 109,814; soldiers, 5,096,000. January 1, 1917: Officers, 115,004; soldiers, 5,026,000. January 1, 1918: Officers, 128,372; soldiers, 5,064,000. On January 1, 1918, the infantry numbered 2,160,775; artillery, 899,654; aviation, 95,285; cavalry, 166,422; engineering corps, 185,110.

Why Can't I Get To Sleep?

Thousands of people all over the country ask this question, but will continue to toss night after night in sleepless agony, until they find for them to get a full night's refreshing sleep.

Constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot quietness except by the pernicious use of opiates or narcotics. Or again, you have heart palpitation and nervous shaking, or a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were smothered, or you are unable to get to sleep in bed. To all who suffer in this way, Milburn's Heart and Nerve Pills offer an inestimable boon. They bring back the much-needed night's rest by improving the tone of the nerves, strengthen the heart, enriching the blood, and making the whole organization act in harmony—then you sleep as peacefully as a child.

Large Returns From Wool Clip

Bulk Payment to Be Divided Among Individual Producers

Winnipeg, Man. — Final checks are being issued for the 1918 clip of Manitoba wool as sold on the co-operative basis by the Canadian Co-operative Wool Growers' Limited.

At the request of the Manitoba Sheep Breeders' Association, the Manitoba department of agriculture took charge during the past year of the assembling of the wool at Winnipeg, where it was graded, and forwarded in bulk lots to be sold by the Canadian Co-operative Wool Growers' Limited. This company, after selling the product, has turned over the bulk payment to be divided by the department among the individual producers.

Over 900 men contributed wool to the sale, and the total weight sold was 361,583 pounds, worth over \$200,000.

British Troops to Leave Belgium

Brussels. — In order to facilitate the revivification and reconstruction of Belgium, which has been hampered by the railways being used exclusively for military purposes, Marshal Poch, at the request of the Belgian government, has decided to withdraw the British and American forces now in Belgium and employ them elsewhere.

The food minister has left for Paris to make arrangements for further measures to relieve the food situation.

No man can make a fool of himself all the time. He has to sleep occasionally.

Winnipeg Montreal

Conference Over by April

Paris. — French newspapers, which have been consistently pessimistic regarding probable length of the peace conference, predicted, that it might end by April. They based this prediction on the appointment of Premier Clemenceau as permanent chairman. He is noted as a "speeder up."

Starving Workmen Parade Streets

London. — A German government wireless message says: Starving workmen are parading the streets of Petrograd and many riots have occurred. These were suppressed by troops from China and Korea.

Catarhal Deafness Cannot be Cured

By local application, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness, caused by inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound of insects boring, and this is catarrhal deafness. Unless the inflammation can be reached by this tube, deafness is the result. Unless the inflammation can be reached by this tube, deafness is the result. Unless the inflammation can be reached by this tube, deafness is the result.

F. J. CHENEY & CO., Toledo, O.

There is a place on every farm for

at least one sow and her pigs, because there is waste feed that they will consume. Preventing waste and producing profit is doing double service, and making money two ways at once.

For an immortal being to set his affections on the things of this world is like walking in fire with a quiver as it flies by us and out of sight—Marcus Aurelius.

Acting Under Orders

Salonica. — Bulgarian soldiers continued plundering the dwellings and shops of Greeks at Demotica, Rumelia, according to advices received here. It is reported that soldiers who are participating in the work declare they are acting in obedience to orders from their superiors.

Englishman Invented Depth Bomb

London. — The Express naval expert writes that the inventor of the depth charge, which was one of the most effective inventions of the war, was an Englishman named H. J. Taylor, who was formerly an instructor in motor car engineering at the Battersea Polytechnic. At the beginning of the war he saw some submarine maneuvering off the Isle of Wight, when the idea of a water bomb occurred to him. He worked on it till the following May, and then submitted a scheme to the admiralty. Six weeks later successful trials were made of this invention, whose deadliness soon became notorious.

Soothes Irritable Throat

Quickly Cures Whooping Cough

No Drugs to Take. No Sickening Stomach Medicine to Use

Just Breathe "Catarrhose"

Count ten—a bad cold is relieved by Catarrhose—wait one minute, and you will feel its soothing influence on a sore irritated throat. No failure with "Catarrhose"—cures because you can breathe a healing vapor to the very spot that needs help.

The big thing to remember about Catarrhose is this—you just breathe it in. It is a healing vapor, it is full of the purest balsams, that is rich in the greatest healing ingredients to science.

This wonderful vapor dispels all soreness, kills all germs, gives nature a chance to complete a real cure. Colds and throat troubles can't last if the pure healing vapor of Catarrhose is breathed. Catarrhose will disappear, bronchial attacks will cease, coughs and winter ills will become a thing of the past. Complete relief lasts two months, price \$1.00; smaller size 50c; sample size 25c, all dealers, or The Catarrhose Co., Kingston, Ont., Canada.

Demand For Wool

Prairie Farmers' Wool Sold at Satisfactory Prices

Though they will not receive so much as was at one time expected, farmers of Western Canada will receive very satisfactory prices for their wool. Heavy losses from Australia caused some delay in disposing of the wool, and were also influential in keeping prices at a somewhat lower level than indicated earlier in the season. However, at the prices obtained, farmers will be well remunerated for their efforts in sheep raising.

Manitoba farmers disposed of 361,583 pounds of wool, which realized \$208,000. This only refers to wool sold through the Wool Growers' Co-operative Society. It is understood that some farmers sold their wool privately earlier in the season.

An average price of 6 1/2c a pound was paid for the wool marketed through the co-operated branch of the Saskatchewan department of agriculture. This branch handled 394,000 pounds of wool for farmers in various parts of the province, remitting them 45 cents a pound on receipt of the wool. The balance will be forwarded to them at an early date.

The hog is the cheapest producer of animal fats. Don't send it to market in this condition, it doesn't pay.

Sores Flee Before It—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Eucletic Oil, which acts like magic. All similarly troubled should not lose time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power, when expressed by its low price.

Raise two crops of pigs a year. It is the common practice in Denmark, and central states and might well be a more common practice in Canada.

Minard's Liniment Cures Distemper

Hog Production Profitable

Three breeds of pure bred swine are now being kept at the Manitoba Agricultural College—Yorkshire, Berkshire and Poland China. During the last year or two several high class animals have been got together from hands that are making names for themselves in Western Canada. Swine are kept at the college primarily for instruction work, and also to supply the dormitory with pork. But over seventy breeding sows are now on hand, and the choice of them will be sold to farmers in the spring.

To Cure a Cold in One Day Take LAXATIVE DRUGS (Quinine Tablets). It stops the Cough and clears the throat. Get it at the College of Pharmacy, or at the College of Pharmacy, or at the College of Pharmacy.

"Breed for quality that will produce maximum weight in shortest time," says the live stock expert.

Subbornness is the strong card of

the man too lazy mentally to bring his opinions up to date.

Minard's Liniment Cures, Colds, etc

Australia Sends Wheat

Delhi, India. — The Indian government has concluded an arrangement for diverting certain Australian wheat shipments to India mainly for military use and for Bombay and Calcutta flour mills. This arrangement will free the crops for districts where scarcity prevails. There is still no sign of the winter rains.

HANGED BY THE NECK

No death is more certain than the one that comes to every offender treated by Putnam's Corn Extractor. But sores the corn or wart, root and branch. Insist on "Putnam's" only, it's the best, free from acids and painless. Price 25c, at all dealers.

Prosperous Year

In Southern B. C.

With Minimum Labor District Accomplished High Maximum

Vancouver, B. C.—Based on accurate, carefully checked up figures of railway officials, the Okanagan United Growers, the Mutual Fruit Company, and other principal fruit shippers, the 1918 Okanagan fruit and vegetable production closely approximated \$4,000,000, by all odds the most prosperous agricultural year in Southern British Columbia's history. To the amount mentioned could be added sizeable production of grain, hay, livestock, eggs and dairy products. This narrow British Columbia valley, lying north and south, with beautiful Okanagan lake stretching the lower two-thirds, has a relatively small population, its cities, like Vernon, Kelowna and Penticton, are really only large country towns, except in spirit; and if the \$4,000,000 plus production was expressed in a "developed" average, the valley very likely would lead Canada in the minimum labor facilities, favored by fertile lands and a highly favorable climate, the district accomplished high maximum production.

WHEN YOU SUFFER FROM RHEUMATISM

Almost any man will tell you that Sloan's Liniment means relief

For practically every man has used it who has suffered from rheumatic aches, soreness of muscles, stiffness of joints, the results of weather exposure.

Women, too, by the hundreds of thousands, use it for relieving neuralgia, lumbago, neuritis, sick headache. Clean, refreshing, soothing, economical, quickly effective. Say "Sloan's Liniment" to your druggist. Made in Canada. Get it today.

A New Industry

Fish Oil Plant Has Capacity of 60 Tons Per Day

Prince Rupert, B. C.—One of the newest industries established at Prince Rupert, B. C., is a fish oil and fertilizer plant. The works are located at the upper end of the harbor, about five miles from the city proper, and at present has a capacity of 60 tons of fish per day. The parts of haddock and salmon not fit for food and bottom of ground fish, are made use of in the process. The oil product is at present shipped in tank cars, largely to Chicago, where it is put through a refining process, while the fertilizer is mostly shipped to California and Hawaii for use in the fruit-growing area. The industry promises considerable development.

British Flyers Leaving

Toronto. — Another step toward demobilization of the Royal Air Force in Canada was taken when over 300 of the English training staff of the mechanical wing entrained at North Toronto station on their way back to England.

WINTER WEATHER

HARD ON LITTLE ONES

Our Canadian winters are extremely hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to the house, badly ventilated rooms; takes cold, and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They regulate the stomach and bowels and prevent or cure colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Nuns Cause Sensation

Amsterdam. — Somewhat of a sensation was caused in Berlin, according to a despatch to the Handelsblad, when the nuns from the Catholic Lyceum, in Lindendamm, marched to the polls in a group.

Creston as a

Fruit District

A part of British Columbia that is be-
ginning to loom large in the matter of
fruit production is the Creston Valley, of
which the town of Creston is the centre.
While for a number of years Creston Valley
strawberries have been favorably
known throughout Southern Alberta, the
year 1918 saw this favored section taking
a prominent place in apple production,
with a total export of almost 70,000 boxes,
while enormous strides forward have
also been made in other lines such as
pears, peaches, plums, etc. In tomatoes
the crop last year ran over 10,000 crates
of the ripe sort, and another 4,000 crates
of green, while in pears just under 40,000
tons were shipped to prairie points. The
yield of strawberries, which was below
normal owing to a dry spell in the mid-
dle of the season, was over 10,000 crates,
while almost 7,000 crates of raspberries
were also shipped. In the matter of free
fruit the valley is almost in its infancy
as only about thirty per cent. of the 2,000
acres planted to fruit trees is as yet bear-
ing. To convince of the quality of Creston
apples the board of trade of that town
has favored The Enterprise with half a
box of three winter varieties, which for
size, color, flavor and keeping quality
are certainly second to none. In ad-
dition to its orchards Creston Valley
ranchers also show wisdom in seeing to it
that dairying, poultry and cattle raising
are not neglected. According to figures
supplied, that point shipped almost two
hundred head of beef cattle last year, as
well as 5,800 gallons of cream and milk
to the creamery at Nelson, and exported
six thousand dozen of eggs. Beef-keep-
ing also gets a share of attention and
Creston's 1918 shipping of honey was al-
most three tons. Creston is blessed with
a climate that sees the minimum of cold
weather, but an abundance of snow and
rain that renders irrigation unnecessary.
Possibly Creston's best asset is its close
proximity to the prairie market. Straw-
berries loaded at Creston today reach
even as far as Edmonton, and are sold for
supper consumption the following
evening.

Alberta Mining School Gives Practical Results

In connection with the list of those
who passed the British Columbia mine
examinations successfully, which was re-
cently published in the Prairie Ledger at
Fernie, it can be mentioned that two of
the First Class men were graduates of the
Department of Mining at the Provincial
Institute of Technology and Art, Cal-
gary, Alberta. In the Second Class ex-
amination the highest percentage was
also gained by a graduate of that insti-
tute, and in the Third Class examination
there was also a successful graduate who
had taken the course.

The above result in a sister province
should certainly give pride to Alberta.
When it is remembered that W. A. Lay-
don, one-time mine manager at Col-
lerton, is the supervisor of Mining in the
institute, the success of that school can
be easily understood. It is one of the
technical schools in Canada that is hav-
ing practical results.

R. J. C. Stead Takes Government Post

Announcement has been made by the
Civil Service Commission that Robert J.
C. Stead, of Calgary, is appointed pub-
licity agent for the department of im-
migration and colonization, which is pre-
sided over by the Hon. J. A. Calder. Mr.
Stead has for some years had charge of
publicity for the land colonization inter-
ests of the Canadian Pacific Railway.
Mr. Stead has intimate personal knowl-
edge of the resources and needs of West-
ern Canada, having lived on the prairies
of Manitoba in the early sixties and
been connected with some phase of west-
ern life ever since. He has been con-
nected with the C.P.R. for six years, and
aside from his publicity activities is widely
known as a Western Canadian writer,
his latest novel, "The Cow Puncher,"
having been among last season's best
sellers.

Mrs. Katherine Baker died at
Bellpore, Ontario, in her 104th
year. She was married when six-
teen years old. She has ten chil-
dren and more than five hundred
grand children, the greater number of
whom she has outlived. Several
of her children survive, at ages
ranging from 75 to 85 years.

Definition of Term

"Stool Pigeon"

On our desk we notice a little
pamphlet which is in use by the
Dominion Parks branch of the De-
partment of the Interior, dealing
with "Canada's Feathered Friends." Practically every flying machine
under the sun is quoted therein;
but not a darned word about that
species known as the "Stool Pigeon."
If it is that the authorities down
in Ottawa have never heard of or
know of the existence of such
"game" birds, then they had better
get in touch with the Alberta gov-
ernment, which is well acquainted
with them and their influence to-
wards the laws that some poor peo-
ple wouldn't otherwise dare break.
The "Stool Pigeon," as we know it,
is a migratory bird. As a matter
of fact they have to be, otherwise
they would soon become extinct.
Sometimes they linger around a
community as long as citizens be-
come tired of their presence, and
traps, snares and punnets are ad-
apted to apprise them of the fact
that their disappearance to another
clime is very much desired. They
are said to have originated in
Germany, but the modern "pigeon"
has its origin in the I.W.W.'s of
the United States or some other
infected country on this side of the
Atlantic. The "Stool Pigeon" is
the only bird that can be properly
called a "Beast of Prey," for they
prey wherever possible on the in-
nocents or would-be innocents.
They are the only creature God ev-

er made without instilling in him a
moral of principle, and the only
creature, perhaps, that will fail to
qualify for honors in the courts of
His Satanic Majesty in the here-
after. Anything else that can be
said of the "stool pigeon" is, for
the sake of humanity, far better
unsaid. However, the ordinary in-
dividual's prayer for the stool pigeon
is, "Would to God that they
should fly to depths unknown!"

The trades unions, at a meeting
held in the labor temple at Toronto
on Friday last, resolved that the
Dominion government should be
requested to enact a law to the ef-
fect that the maximum working
week should be forty hours, and
that the minimum wage be four
dollars per day. The above is be-
lieved to be the only effective means
of solving the unemployment situ-
ation.

BLAIRMORE - - - ALTA.

Card of Thanks

We wish, through the columns
of the Blairmore Enterprise, to ex-
press our sincere thanks to the peo-
ple of Blairmore for their many
kindnesses and words of sympathy
through the illness and death of
our beloved son, Roy Cournoyer.
Especially do we thank those who
so kindly assisted during the ex-
humation.
MR. and MRS. SIMON COURNOYER,
LAUREL, WIS.

Prepared to make a strong dem-
onstration in favor of their demand
for a 44 hour work, clothing and
garment workers of Montreal en-
sured, but the wind was taken out
of their sails by the fact that they
attained their object without firing
a shot.

A Blairmore young lady has be-
come tired of single blessedness
and on Monday next will take un-
to herself, forever and anon, a life
partner.

War to Peace

Make The Returning Soldier Welcome

THIS is an important hour for Canada. The
nation is entering on a new era. It is passing
from war to peace. Let us start this new era right.
There are thousands of soldiers returning from over-
seas. The Government is doing all in its power to
get these men back to civil life.

It is giving a *War Service Gratuity*—more than
any other nation—to keep the soldier going till he
gets a job.

It gives him a pension—where his usefulness is
impaired by his service.

It teaches a man a new trade when his service
unfits him for his former trade.

It gives him free medical treatment when ill-
ness recurs, and supplies free artificial limbs and
surgical appliances.

It is bringing back to Canada at the public
expense the soldiers' dependents now overseas.

But the Government, how-
ever willing, cannot provide
the personal touch needed in
this work of repatriation.
That must be given by the
people themselves.

The men who went from
these parts to fight in Fland-
ers deserve a real welcome
home—the best we can give.

In most towns committees
of citizens have already been
organized to meet the soldiers
and their dependents at the
station, to provide hot meals,
supply automobiles, afford
temporary accommodation
when necessary.

In addition, many other
towns are organizing social
gatherings to give public wel-
come to returned men after
they have been home a
few days.

After he has rested, the
soldier must be provided with
an opportunity for employ-
ment. In towns of 10,000
population, Public Employ-
ment Offices have been estab-
lished to help soldiers, as well
as war-workers, secure good
jobs quickly. Where these
exist, citizens should co-oper-
ate. Where they do not exist,
the citizens themselves should
help put the soldier in touch
with employment.

The fighting job is done. It
has cost many a heart-burn-
ing. But it has been well
done. The least we can do
is to show our appreciation
in no uncertain manner.

Don't let the welcome die
away with the cheers.

The Repatriation Committee

OTTAWA

EDMONTON, Feb. 7, 1919.

In accordance with the increased cost of all public utilities throughout
Canada, and especially in telephone systems, in view of the added cost of
maintenance and operation for each telephone unit proportionately with in-
creased telephone development, the following rate schedule will be in force
throughout the Alberta Government Telephone system effective April 1st, 1919.

EXCHANGE MONTHLY RATE SCHEDULE

Exchange Classification	Business Wall Desk	Residence Wall Desk
(a) DAY SERVICE.....	\$2.25 \$2.50	\$1.50 \$1.75
(b) SEMI-CONTINUOUS SERVICE.....	2.75 3.00	1.75 2.00
(c) CONTINUOUS SERVICE:		
Exchanges under 150 stations.....	3.00 3.25	2.00 2.25
(d) CONTINUOUS SERVICE:		
Exchanges between 150 - 500 stations.....	3.25 3.50	2.00 2.25
(e) CONTINUOUS SERVICE:		
Exchanges between 500 - 1000 stations.....	3.75 4.00	2.25 2.50
(f) CONTINUOUS SERVICE:		
Exchanges between 1000 and 5000 stations.....	4.00 4.25	2.50 2.75
(g) CONTINUOUS SERVICE:		
Exchanges between 5000 and 10000 stations.....	4.50 4.75	2.50 2.75
(h) CONTINUOUS SERVICE:		
Exchanges between 10000 and 15000 stations.....	5.00 5.25	2.50 2.75

EXTENSION SETS AND EXTENSION BELLS

Business Wall \$1.00 per month	Residence Wall 50c per month
Business Desk \$1.25 per month	Residence Desk 75c per month
Extension Bells.....	25c per month
Load Ringing Extension Bells.....	50c per month

INSTALLATION CHARGES

A service connection charge covering a portion of the average cost of
the initial expense of establishing service for new subscribers and of fur-
nishing additional facilities to old subscribers shall be as follows:
(a) For individual or party line service, or extension set.....\$3.50
(b) For each extension bell.....2.00
(c) To cover directory, accounting, circuit and switchboard expenses
in cases where service is established by the use of instruments
already in place in the subscriber's premises and no change is
made in the type or location of such instruments.....1.50
(d) To reconnect service when discontinued for non-payment of
account.....1.00
(e) When it is necessary to erect poles or anchors in order to carry
the wire from the main telephone line on the road allowance or
street to the applicant's premises, such poles and anchors in
connection therewith will be supplied and erected by the De-
partment at the expense of the applicant, or if arranged for in
advance, in writing, the applicant may furnish and erect such
poles and anchors in accordance with the specifications and reg-
ulations of the Department.

MOVES

- (a) The charge for an outside move shall be the same as the installation
charge.
- (b) The charges for an inside move shall be \$1.00.

EXCESS MILEAGE

The excess mileage rate for exchange service shall be 50c per month for
each quarter mile or fraction thereof.
Rural Telephone Rates will be announced at a later date.
N. L. HARVEY,
Acting Deputy Minister of Railways and Telephones.

Bellevue Happenings

Pie Clark, of the R.A.F., is visit-
ing with Mr. and Mrs. McAdam.

Mrs. Pullock, of Fernie, is the
guest of Mr. and Mrs. H. Harrison
at Hillcrest Station.

Mr. McAdam, of the Bellevue
branch of the Union bank, has re-
turned from a visit to the coast.

The Bellevue hockey team went
to Coleman on Tuesday night and
took their defeat with a smile. The
can't be worn off.

Some sixty couples attended the
whist drive in the Oddfellows' hall
on Friday night last and everyone
thoroughly enjoyed themselves.

The dance given by the Slavoni-
ans in the Workers' hall on Mon-
day night was well attended. Mu-
sic was furnished by Kerr's orche-
stra.

H. Barless and A. May left Mon-
day night for Calgary to attend the
Grand Lodge session of the I. O. O.
F., which convened on Wednes-
day.

The Salvation Army staff, of
Coleman, gave a concert in the
Methodist church here on Tuesday
night, and were greeted by a full
house.

A large number of Bellevueites
attended the moccasin dance on the
Frank skating rink on Wednesday
night and report the gayest time of
their lives.

A challenge has been issued to
the hockey stars of Blairmore Odd-
fellows' lodge by a team from
Bellevue lodge, and a game is lik-
ely to be staged on the Frank rink
some time next week.

The first of a series of concerts to
be given by the G. W. V. A., was
held on Sunday evening at the Rex
Theatre. The building was filled to
capacity and an excellent pro-
gramme was rendered. The chair
was occupied by the president, Mr.
J. M. Carter, of Blairmore.

Local and General

Sir Wilfrid Laurier, great Liberal
chief, died of paralysis at
Ottawa on February 17th.

Mr. Roberts, inspector of public
schools, is in the Pass this week
end.

An important meeting of the
Crows' Nest Pass Automobile As-
sociation was held at the Compo-
sitian hotel on Wednesday evening.

A joint meeting of The Pass dis-
trict school boards will be held in
Blairmore on Wednesday after-
noon next, to consider the question
of establishing a consolidated high
school for the district.

Order Counter Check Books from The Enterprise

Crows' Nest Pass Only Feasible Route

There has been quite a sur-
feit of talk about the location
of Canada's Trans-Continental
Highway through the Rockies,
Californians being most anxious
that it should pass through
that city, thence through Banff
and on to the Coast. Calgary's
claim is, of course, a selfish one,
but Calgary will continue to
press it in spite of grave topo-
graphical difficulties the adop-
tion of the northern route
would entail.

However, there seems to be
little need to worry. The Leth-
bridge - Crows' Nest - Nelson
route is the only feasible scheme
and the physical impossibilities
of the other proposed routes
will soon eliminate them from
the discussion. To E. F. Gigot,
secretary of the Nelson Board
of Trade we are indebted for
some facts about the alterna-
tive routes, and these facts offer
quite conclusive proof that
there need be no worry that
Lethbridge will not be on the
direct line of the All Red Route.
Mr. Gigot points out that there
are only three routes to consid-
er. These are the Earl
Grey Pass, the Rose Pass and
Crows' Nest Pass. As for Earl
Grey Pass there are 81 miles of
road to build to connect up
through the Pass, and twenty-
three miles of road to be rebuilt
at an estimated cost of \$541,500.
And were such a road construc-
ted tourists would have to con-
tend with a snow blockade for
nine or ten months of the year,
many snow slides and many
other inconveniences. The ele-
vation of the summit is 7,400
feet.

Rose Pass is in the same cate-
gory. It might be made a tour-
ist route for two or three
months in summer. Its eleva-
tion is 6,500 feet, the cost of
road construction would be
\$313,500, to complete the gap
between constructed roads on
each side the Pass, while the
Pass, while the road would be
impassable in winter owing to
an average snow blockade of
seven to eight feet. Such a road
would not be a commercial pro-
position.

But the Crows' Nest route
presents a wholly different ap-
pearance. The scenery may not
be so grand, but as to feasibil-
ity, Mr. Gigot presents the fol-
lowing facts:

Length of road to be construct-
ed, five miles.
Length of road to be rebuilt, 12
miles.
Estimated cost of construction,
5 miles at \$5,000 \$25,000
Estimated cost of rebuild-
ing 12 miles at \$1,500 18,000

Approximate total cost \$43,000

Average duration of annual
snow blockade—Nil.

Snowslides—None.

Average greatest depth of win-
ter snow on summit—2 feet.

Ferry across Kootenay Lake—
Yes.

Could road be kept open during
winter months?—Yes.

Value of road for other than
tourist purposes—Maintenance
of highway transportation
through settled district.

Elevation of summit—3,336 feet

A very slight study of the
above comparison will show
that the southern route, via
Cranbrook and Creston, is the
only feasible one for the Cana-
dian National Highway, and no
objection should be raised to
the permanent adoption of this
route as it would still leave to
the traveller a choice of routes
out of Cranbrook, either by the
Crows' Nest Pass to Lethbridge

It Is What You Want It To Be

When you put an orchestra record
on the New Edison Diamond Amberola,
the Amberola becomes an orchestra.

When you put on a vocal record, it
becomes a singer.

When you put on a violin, piano,
harp or cornet record, it becomes the instrument itself.

So real, so "life-like" is the reproduction that it is
hard to believe that the artist is not actually in the room.

And no needles are required to play

THE NEW EDISON DIAMOND AMBEROLA

The stylus (reproducer point) of the Amberola
is a genuine diamond that never wears out. Neither
do you have to worry about injuring expensive
records, because

AMBEROL RECORDS

are almost unwearable and nearly
unbreakable; and there are more than
3,000 titles to choose from.

Our Liberal Free Trial Offer
means that you can have any model
Amberola and a dozen Records de-
livered to your home, to enjoy for a
week without paying a cent or being
under any obligation to purchase.
May we send you one today? 178

W. T. Eddy, of Lundbreck, who a short time ago met with an accident near High River while going north by auto, has come out of the Calgary hospital and was in the Pass on Saturday.

Sheet Music—All grades and large selection. 25c. per copy or 5 for \$1.00. Call or write for catalogue.—S. TRONO, Blairmore Jewellery & Music Store.

Bill Crawford, well-known carter, formerly with the Coleman town band, who has been hovering around Nanton district for the past few years, paid a visit to his old haunts up this way last week.

Referring to a couple of stool pigeons who recently played their presence around here, an old-timer asked, "Who ever heard of an Irishman or a Scotchman being borrowed and brought up of German parents or ancestry?"

Patrons of the Red Cross dance given at Hillcrest on Monday night which, by the way, was one of the real successes of the season, are proud in their praise of the class of music administered by the famous Anderson orchestra. This orchestra has adopted the style of "Jazz Band" and sets an audience in motion that speaks of real pleasure. The orchestra on Friday night consisted of piano, violin, cornet, trombone and drums.

FOR SALE—Several tons of Swede Turnips. Apply to Charles Patton, Lundbreck.

W. F. McNeill, of the fair wage commission, was in Blairmore on Tuesday.

P. M. Christophers, the newly elected president of District 18, is attending the miners' convention at Calgary.

It is said that the Kaiser had to take a back seat as an unprincipled creature when stool pigeons appeared on the scene.

Alexander McNeill, of Harbor Centre, Antigonish, N. S., died a few weeks ago at the age of 93 years. His son, A. McNeill, follows the legal profession at Fernie, B. C.

We were nearly blinded by the brilliancy of a beautiful ring, less than four blocks from our office, which to the casual observer betokened that something dreadful was soon going to happen.

J. B. Harmer and Alex. Morency are in Calgary for a few days this week attending sessions of the Grand Lodge and Grand Encampment I.O.O.F. They will return to town tomorrow morning.

The attorney general announced that sixty per cent. of the male population of Alberta are violating the liquor act, and the question has been asked as to how large a portion of that sixty per cent. are directly or indirectly paying for the privilege.

The Ladies of the Anglican church are holding a sale in the Oddfellows' hall on Wednesday next, February 26th, at 3 p. m. Home made cooking, candy, fancy articles, etc., will be dispensed by the ladies. Tea will be served from 3 to 6. Gentlemen invited.

Under the liquor act, the detective who hires a man to break the law in order to catch a bootlegger, can be arrested as well as the man he hires. If that's the case, why not have some of the cages in the Pass filled up with some of those undesirable?

The management of the Frank skating rink wishes to announce that on Tuesday night next there will be a hockey match between the Blairmore and Frank teams. On Friday, February 28th, the Blairmore and Coleman teams will cross sticks on the Frank rink. There will be skating after the games.

A meeting of citizens was held in the town office on Saturday evening at nine o'clock to hear the report of the medical health officer in regard to the epidemic prevailing amongst the children. The matter should have been taken up with a board of health, but as that body had not completed its organization, nothing definite could be done at this meeting. However, a motion was made by a citizen that W. J. Bartlett be chairman of the board of health, and in order to help on the comedy, the chair was duly taken, which in the opinion of some of those present completed the organization of that body. Another citizen, who is a member of the health and relief committee of the council, made a resolution to place a tight ban on the town as a precaution against the spread of the so-thought epidemic. This motion was seconded and voted upon and declared carried. Several other resolutions were passed, after which the chair was occupied by the chairman of the school board and that body went into session. A couple of resolutions were made by the chairman, but nothing of very great interest transpired. The joke of the whole three sessions is that the business transacted by the three was not the direct business of either.

Mr. and Mrs. ... have just sold their house on ... day night. The ... have appeared ... The ... never been ...

The ... believe that ... sold ... the old system ... more money ... of Alberta ... der the ... fact is the five ... many boys of ... ing into ... day that ... old system ... fewer people ... ing leverage, ... ing more ...

A guy would ... a high price ... the bar of ... last week, was on the ... of ... caused to appear ... the J. P. on Saturday night last to answer the charge of assault. Other parties were considered implicated and also adorned the mat of the court of justice. In order to satisfy all, fines were imposed on both complainant and defendant together with costs divided equally between them. It seems that Ontario made use of language in coming a Canadianized Italian. Ontario may not have uttered the word, however, had his assailant hit him hard enough to knock the wind clean out of him, and who could blame the poor fellow for expressing his feelings in plain English?

Major W. H. Burnett, of Lethbridge, has been elected grand ward of the Alb. R. Grand Lodge of the I. O. O. F.

Coleman and Pincher Creek senior hockey will cross sticks for the third time this season on the Coleman rink on Monday night next. Pincher Creek suffered defeat on the two former occasions and are coming back with renewed hope and vigor. The game on Monday night should be a good one.

NOTICE TO CREDITORS

In the matter of the Estate of CHARLES RICHMOND VOGLER, late of the Town of Blairmore, in the Province of Alberta, Bank Manager, deceased. NOTICE IS HEREBY GIVEN, pursuant to the Trustee Act (R. S. O. 1914, Chapter 121), that all persons having claims against the estate of the said Charles Richmond Vogler, who died on or before the 15th day of April, 1918, are required to send by post prepaid, or deliver in person, to the undersigned their claims, fully itemized, and accompanied by the full particulars of their claims, and the nature of the security, if any, held by them, and that after such claims have been received, the Administrator will distribute the said estate among the parties entitled thereto, having regard to the claims of which she shall then be notified, and that she will not be liable in any person of whom claims have not been received as the time of such distribution.

Dated the 25th day of January, 1919.

NEWBURN, AMBROSE, BURBIDGE & MARSHALL,
Solicitors for the Administrator.

Public Notice

All School Children are required to present certificate of health from the Medical Health Officer for admission to the school on Tuesday next.

For the above purpose, Dr. Olivier will be in his office in the Penchen block on Sunday from 3 to 5 p.m.

Parents are asked to make note of this, as on the recommendation of the Medical Health Officer this regulation must be rigidly enforced.

By order of
BOARD OF HEALTH,
Blairmore, Alberta
